

Logistics

Strategic Location and Hub in Africa

- Nigeria is advantageously located in the gulf of Guinea with direct freight access to America (North & South) and Europe
- Easy access to the developed markets of North America and Europe, which have a combined GDP of over US\$43 trillion
- An extensive network of transport routes that links the country to neighboring countries like Niger, Chad, Cameroun, and Benin Republic
- A total of 54 airports (40 with paved runways, 14 with unpaved runways)
- Six (6) operational ports
- Five (5) Heliports

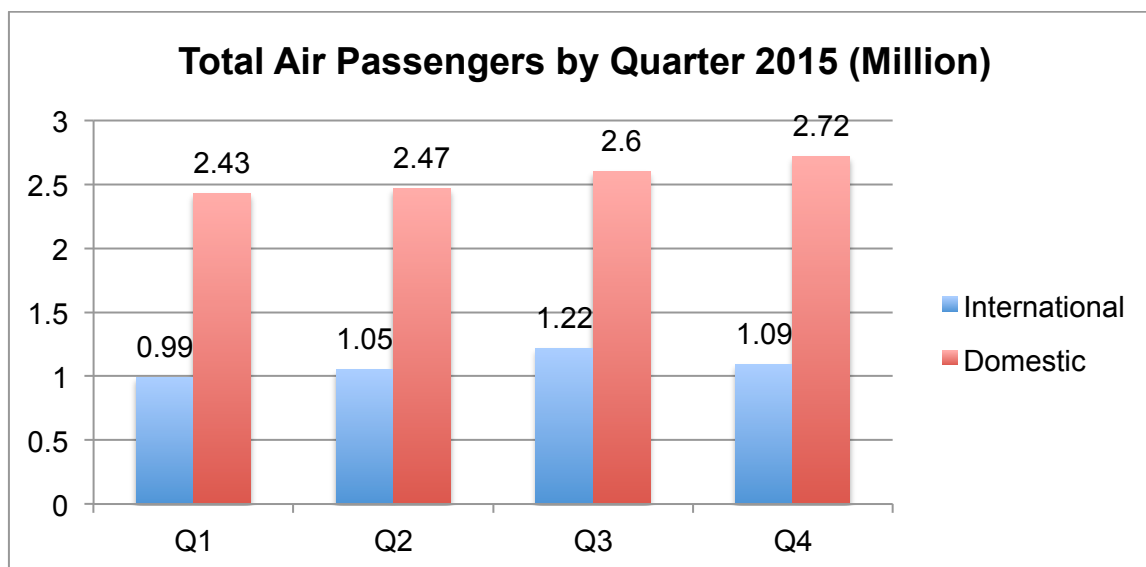

Nigeria, with about 0.04km/km² of railroad density and up to 0.21 km/km² of road density is the 2nd and 4th largest respectively in Africa.

Density of the Rail and Road networks (km per square km) 2015

Country	Railroads	Roads
South Africa	0.01	0.62
Nigeria	0.04	0.21
Algeria	0.001	0.05
Ivory Coast	0.002	0.26
Kenya	0.006	0.28
Tunisia	0.014	0.12
Morocco	0.005	0.13
Zambia	0.004	0.054
